

When Should I Keep My Student Home?

NOTE: These are school instructions, not medical advice. Please contact your doctor with health concerns. The list below tells the shortest time to stay home. Student may need to stay home longer for some illnesses.

Student's Symptoms or Illness	Student May Return to School When*
 <p>Fever: temperature by mouth greater than 100.4 degrees</p>	<p>For primary symptoms of COVID-19 (fever, new onset cough, shortness of breath) student must remain home for at least 10 days after illness onset* AND at least 24 hours fever-free (without the use of fever reducing medication).</p> <p>*If a student tests negative for COVID-19 then they may return once they are fever-free for 24 hours (without the use of fever reducing medication) and their other symptoms are improving.</p> <p>If COVID-19 is diagnosed, they must be cleared by the local public health authority to return.</p>
 <p>Cough: new onset or worsening</p>	
 <p>Shortness of Breath: not associated with previously diagnosed illness like asthma</p>	
 <p>Skin rash or open sores</p>	Rash is gone; sores are dry or can be completely covered by a bandage; or with orders from doctor to school nurse.
 <p>New cough illness</p>	If pertussis (whooping cough) is diagnosed, after taking 5-day course of prescribed antibiotics, or when cleared for return by local public health authority. If COVID-19 is diagnosed, with orders from the local public health authority.
 <p>Diarrhea: 3 loose or watery stools in one day OR newly not able to control bowel movements</p>	Symptom-free for 48 hours.
 <p>Vomiting</p>	Symptom-free for 48 hours.
 <p>Headache with stiff neck and fever; OR with recent head injury</p>	Fever-free for 24 hours; symptom-free; or with orders from doctor to school nurse.
 <p>Jaundice: (new) yellow color in eyes or skin</p>	After orders from doctor or local public health authority to school nurse.
 <p>Red eyes or eye discharge: yellow or brown drainage from eyes</p>	Redness and discharge is gone OR with orders from doctor to school nurse.
Student's health condition requires more care than school staff can safely provide	After measures are in place for student's safety.
Major health event, like surgery OR an illness lasting 2 or more weeks	After orders from doctor to school nurse.
